BTL EMSCULPT BODY CONTOURING — CONSENT FORM

BTL 磁波塑肌燃脂知情同意书

I request that Nouvelle Anti-Aging provide BTL EMSculpt Body Contouring as explained to me.

本人申请接受 Nouvelle Anti-Aging 向本人解释的 BTL 磁波塑肌燃脂项目。

Magnetic stimulation induces repeated muscle contractions in selected body areas. Some systems also deliver RF. This is contouring, not general weight-loss treatment.

磁刺激在指定身体部位诱发反复肌肉收缩，部分机型另有射频。本项目为轮廓管理，并非全身体重减轻治疗。

Confirm EMSculpt versus EMSculpt NEO or other system, whether RF is used and exact treatment site. Record these before consent.

核实 EMSculpt、EMSculpt NEO 或其他机型，是否含射频，以及实际部位，并在签署前记录。

RISKS / POSSIBLE COMPLICATIONS 风险及可能并发症

1. Strong contractions, muscle soreness, cramping, redness and fatigue may occur. Muscle/tendon injury, aggravation of hernia and interference with implants are possible. If RF is included, overheating, burns, blisters and contour changes are additional risks. Visible fat reduction is not guaranteed.

可能出现强烈收缩、肌肉酸痛、抽筋、泛红及疲劳。可能造成肌肉或肌腱损伤、疝气加重及植入物干扰。含射频时另有过热、灼伤、水疱及轮廓变化风险，无法保证明显减脂。

HEALTH DISCLOSURE 健康情况告知

Disclose pacemaker, electronic/metal implants, pregnancy, hernia, recent surgery, muscle injury, reduced sensation and cardiovascular or seizure conditions. Assess each applicator site against the device instructions.

告知起搏器、电子或金属植入物、孕期、疝气、近期手术、肌肉损伤、感觉减退、心血管或癫痫情况。每个探头部位均需按设备说明评估。

I have disclosed all medicines, supplements, allergies and prior treatments. I will report changes. I will not stop medication without medical advice.

本人已告知全部用药、补充剂、过敏及既往治疗，并会报告变化。未经医生指导，不自行停药。

ALTERNATIVES / RESULTS 替代方案及效果

No treatment; resistance exercise and nutrition; other appropriate body-contouring options.

不治疗；抗阻运动与营养管理；其他适用身体塑形方案。

No result or duration is guaranteed; further sessions/correction may be needed. With no elective treatment, the original concern may remain. Fees and possible additional costs have been explained separately.

不保证效果或维持时间，可能需后续疗程或修复。不接受选择性治疗时，原有困扰可能持续。费用及可能的额外费用已另行说明。

AFTERCARE / WHEN TO SEEK HELP 护理及就医提示

Report painful contractions or burning immediately. Resume activity as individually advised and avoid overworking sore muscles. Maintain nutrition and hydration without assuming this replaces exercise.

收缩疼痛或灼热时立即报告。按建议恢复活动，避免过度使用酸痛肌群。维持营养与补水，不把它视为运动替代。

Severe muscle pain/weakness, marked swelling or dark urine needs urgent review. Chest pain or fainting requires emergency assessment.

严重肌痛无力、明显肿胀或深色尿需紧急评估。胸痛或晕厥应急诊。

Clinic: (425) 598-1111. For severe/life-threatening symptoms call 911; do not wait for a callback.

诊所：(425) 598-1111。严重或危及生命的症状请拨 911，不等待回电。
