HORMONE BALANCE THERAPY — CONSENT FORM

荷尔蒙平衡补充治疗知情同意书

I request that Nouvelle Anti-Aging provide Hormone Balance Therapy as explained to me.

本人申请接受 Nouvelle Anti-Aging 向本人解释的荷尔蒙平衡补充治疗项目。

A selected hormone is prescribed for a documented medical indication, with symptom review and monitoring. Hormone therapy is not a general anti-aging guarantee.

针对记录的医学指征处方指定激素，并进行症状复评及监测。激素治疗不能作为一般抗衰保证。

Clinician must select estrogen, progestogen, testosterone or other agent, explain the actual product label, fertility effects and monitoring. Do not use this general form as authorization for unspecified hormones.

医生必须选定雌激素、孕激素、睾酮或其他药物，解释实际说明书、生育影响及监测。本通用表不能授权使用未指定激素。

RISKS / POSSIBLE COMPLICATIONS 风险及可能并发症

1. Risks vary: estrogen/progestogen can cause bleeding, breast tenderness and regimen-dependent clot, stroke or cancer risks; unopposed systemic estrogen with a uterus raises endometrial cancer risk.

风险因药而异：雌或孕激素可引起出血、乳房胀痛，以及与方案有关的血栓、卒中或癌症风险；有子宫者单用全身雌激素增加子宫内膜癌风险。

2. Testosterone may cause acne, excess red blood cells, infertility, fluid retention or virilization; topical transfer can harm others.

睾酮可引起痤疮、红细胞增多、不育、水肿或男性化；外用药转移可伤及他人。

3. Compounded products have additional quality uncertainty.

配制制剂另有质量不确定性。

HEALTH DISCLOSURE 健康情况告知

Disclose unexplained bleeding, breast/uterine/prostate disease, hormone-sensitive cancer, clots, stroke, cardiovascular/liver disease, sleep apnea, fertility plans, pregnancy and all medicines. Eligibility varies by hormone, route, age and personal risk.

I have disclosed all medicines, supplements, allergies and prior treatments. I will report changes. I will not stop medication without medical advice.
