HYALURONIC ACID FILLER CONSENT FORM

玻尿酸填充注射知情同意书

I request that Nouvelle Anti-Aging provide hyaluronic acid (HA) filler injections as explained to me. The product, sites, amount, expected benefits and any off-label use have been explained and recorded in my treatment plan.

本人申请接受 Nouvelle Anti-Aging 向本人解释的玻尿酸（透明质酸，HA）填充注射治疗。医护已说明并在治疗计划中记录本次产品、部位、用量、预期收益及涉及的超说明书使用。

This form covers HA only, not calcium hydroxylapatite, collagen or other fillers. Results and duration vary; maintenance may require repeat treatment. Alternatives include no treatment, other suitable fillers, resurfacing or surgery, with different benefits and risks.

本表仅适用于玻尿酸，不适用于羟基磷灰石钙、胶原蛋白或其他填充剂。效果及维持时间因人而异，维持效果可能需要重复治疗。替代选择包括不治疗、其他适合的填充剂、换肤或手术，各有不同收益及风险。

RISKS / POSSIBLE COMPLICATIONS 风险及可能并发症

1. Pain, tenderness, redness, swelling, itching, bruising or bleeding; recovery varies and symptoms may last longer than expected.

1. 疼痛、压痛、发红、肿胀、瘙痒、瘀青或出血；恢复因人而异，症状可能超过预期时间。

2. Infection, herpes reactivation, skin breakdown, scarring, lumps, delayed inflammation or granulomas. Some reactions can persist or appear months or years later.

2. 感染、疱疹复发、皮肤破损、瘢痕、结块、迟发炎症或肉芽肿；部分反应可持续存在，或在数月乃至数年后出现。

3. Unevenness, asymmetry, under/overcorrection, migration, gray-blue discoloration or an unsatisfactory result; further treatment may be needed.

3. 不平整、不对称、矫正不足或过度、移位、灰蓝色改变或效果不满意，可能需要进一步治疗。

4. Injection into or blockage of a blood vessel can cause skin/tissue necrosis, permanent vision loss or blindness, or stroke. Prompt treatment may not reverse injury.

4. 误入或阻塞血管可导致皮肤／组织坏死、永久视力损伤或失明、卒中；及时治疗也可能无法逆转损伤。

5. Allergy to filler, lidocaine or other ingredients may be severe and require emergency treatment. Local/topical anesthetics also have allergy and toxicity risks.

5. 对填充剂、利多卡因或其他成分的过敏可能严重并需急救。局部／表面麻醉亦有过敏及毒性风险。

6. Correction may require hyaluronidase, medication or surgery, each with separate risks. Hyaluronidase can cause severe allergy; complete removal or restoration is not guaranteed.

6. 修正可能需要透明质酸酶、药物或手术，各有额外风险。透明质酸酶可能引起严重过敏，不能保证完全溶解或恢复原状。

HEALTH DISCLOSURE / AFTERCARE 健康告知及护理

I have disclosed prior fillers/procedures, allergies, bleeding or healing problems, immune conditions, herpes, infection, medications and supplements. I will report changes. I will not stop medication without medical advice.

本人已告知既往填充／治疗、过敏、出血或愈合问题、免疫疾病、疱疹、感染、用药及补充剂，并会报告变化。未经医生指导，不自行停药。

Elective treatment is deferred during pregnancy/breastfeeding or active infection/inflammation at the treatment site. Product-specific eligibility, allergies and precautions must be reviewed before injection.

孕期、哺乳期或治疗部位有活动性感染／炎症时，暂缓选择性治疗。注射前须核实具体产品的适用条件、过敏及注意事项。

Follow the provided care instructions. Do not press or massage treated areas unless instructed. Report worsening redness, swelling, fever, drainage or persistent lumps promptly. Inform the clinic about planned dental work or further procedures.

遵循所提供的护理指示，未经指导勿按压或按摩治疗区域。红肿加重、发热、流脓或持续结块应及时报告。计划牙科或其他治疗时请告知诊所。

Seek immediate care for unusual/severe pain or white, gray or blue skin near the treated area. Call 911 for vision changes, stroke symptoms, breathing difficulty or severe allergy; do not wait for a callback. Clinic: (425) 598-1111.

治疗区域出现异常／剧烈疼痛或皮肤发白、灰色、蓝色，应立即就医。视力变化、卒中症状、呼吸困难或严重过敏请拨 911，不等待回电。诊所：(425) 598-1111。

RESULTS / FEES 效果及费用

No result or duration is guaranteed. Fees, touch-ups and possible additional costs have been explained. Once filler is injected, the used syringe charge is nonrefundable under the disclosed policy.

不保证具体效果或维持时间。费用、补充注射及可能的额外费用已说明。根据已告知的政策，填充剂注射后，已使用针剂的费用不予退还。
