STEM CELL THERAPY — CONSULTATION ACKNOWLEDGMENT

干细胞治疗咨询与风险告知书

I request consultation only, without administration of any cell or tissue product.

本人仅申请咨询，不接受任何细胞或组织产品给药。

This document authorizes a regenerative-medicine consultation and review of information only. It does not authorize collecting, injecting or infusing cells, exosomes or tissue products.

本文件仅同意接受再生医学咨询及资料评估，不授权采集、注射或输注细胞、外泌体或组织产品。

Consultation only. Any later treatment requires verified product/indication authorization or a lawful research pathway, and a new product- and protocol-specific consent. A signature cannot convert an unapproved intervention into an approved one.

仅限咨询。后续治疗需核实产品与适应证授权，或合法研究路径，并另签产品和方案专用同意书。签字不能使未核准疗法变成获核准疗法。

RISKS / POSSIBLE COMPLICATIONS 风险及可能并发症

1. Research interest does not establish clinical benefit. Unapproved cell/tissue or exosome products may cause infection, immune reactions, unwanted tissue growth, tumors or other serious injury. Long-term risks can be unknown. Paying for consultation does not prove product safety, efficacy or legal authorization.

研究潜力不代表临床获益。未核准细胞组织或外泌体产品可能造成感染、免疫反应、异常组织生长、肿瘤或其他严重伤害，长期风险可能未知。支付咨询费用不证明产品安全、有效或获合法授权。

HEALTH DISCLOSURE 健康情况告知

Discuss the health concern, current diagnosis, cancer/infection/immune history and current treatment. Do not stop effective medical care while considering an experimental product.

讨论健康困扰、现有诊断、癌症感染免疫病史及当前治疗。在考虑试验性产品时，不停止有效医学治疗。

ALTERNATIVES / RESULTS 替代方案及效果

No consultation or no product; standard care for the actual diagnosis; independent specialist opinion; appropriately authorized research participation.

不咨询或不使用产品；针对实际诊断的标准治疗；独立专科意见；参加适当获授权的研究。

No result or duration is guaranteed; further sessions/correction may be needed. With no elective treatment, the original concern may remain. Fees and possible additional costs have been explained separately.

不保证效果或维持时间，可能需后续疗程或修复。不接受选择性治疗时，原有困扰可能持续。费用及可能的额外费用已另行说明。
